Re: Tempe Life Care Village, Inc. d/b/a Friendship Village of Tempe
Request for Increase in Medicare-Certified Beds in Nursing Care Institution

Ms. Eckles:

Enclosed for consideration by your office is a request to reclassify thirty-two (32) beds at Friendship Village of Tempe to become Medicare-certified. This change would increase the number of Medicare-certified beds at the Nursing Care Institution from thirty-two (32) beds to sixty-four (64) beds Medicare-certified beds.

Friendship Village of Tempe will not be making any physical modifications to the area in question, will not be adding or deleting beds, and will not be changing the level of care and services.

We would like to formally request an increase of thirty-two (32) Medicare-certified beds to total sixty-four (64) Medicare-certified beds at Friendship Village of Tempe effective as soon as possible. Per your request in a previous phone conversation, I have attached a map outlining the location of the current Medicare-certified beds, and the beds that we would like to reclassify (highlighted in yellow on the attached floor plan).

If you have any questions regarding this request, please contact me at (515) 883-7842 or by e-mail at kocklerandrew@LCSnet.com.

Sincerely,

Andy Kockler
